Harp on Wight, Festival Review

Eira is committed to introducing the harp to wider audiences, resulting in an eclectic range of work: recordings with the Black Dyke Brass Band and the heavy metal group Venom, tours with the Morriston Orpheus Male Voice Choir and with Aled Jones for Songs of Praise, recitals for Music in Hospitals, playing in Spain for HRH the Prince of Wales ... and appearing in two episodes of Coronation Street, watched by 16 million people.

As an orchestral player she regularly plays with the Hallé, Royal Liverpool Philharmonic Orchestra, Opera North and the BBC Philharmonic, appearing in concerts, recordings and at the Proms. She was Principal Harp with Northern Ballet Theatre and has been a guest player with the BBC National Orchestra of Wales, English National Ballet, Royal Philharmonic Orchestra, City of Birmingham Symphony Orchestra, BBC Scottish Symphony Orchestra and the Athens State Orchestra.

Eira is widely recognised as one of the UK's leading harp teachers and was Head of Harp at the Royal Northern College of Music for nearly 30 years. She has given workshops in South Africa, Iceland, Denmark, Sweden, Greece and the USA. Her online courses and private coaching sessions are in high demand, with students attending from as far away as New Zealand and China.

In directing harp ensembles, Eira has brought harpists of all ages and backgrounds together in innovative projects. Her favourite moments include: 20 harps at the Gateshead Baltic Gallery performing the music of John Cage, playing under Dippy the Dinosaur at the Natural History Museum for European Music Day, and a sold out live BBC Radio 3 concert from the Huddersfield International Contemporary Music Festival. In 2022 she formed the Labyrinth Ensemble for harpists who don't get the opportunity to take centre stage. She will mentor them and offer a range of performance opportunities.

As a composer she is inspired by the stories around her, from medieval tales to contemporary events. The **Sunken Forest Suite** explores the Welsh legend of *Cantre'r Gwaelod* and the rising sea levels of today. **Songs of Hope**, written as a response to the global pandemic, has been performed worldwide, and **Clouds in a Sunlit Sky** was written for the Harps North West JaNEWary Challenge. She was selected as composer for Illumine Theatre's audio drama **Tremolo**, now available on major podcast channels.

***“A musician who grabs hold of your heart and holds it safely  
in her care when playing the harp”***
